

2018-2019

OLDFELD

International School

International Academic Taster, Semester, High School Year and GCSE Courses for students aged 15 -17

Welcome to

Part of the Harrow House School Group

The British High School experience

Established in 1912 on the same site as Harrow House, Oldfeld School was the first co-educational grammar school in the UK and has a long and proud history of preparing students for 'O' levels (GCSEs as they are known today, General Certificate of Secondary Education) in the best traditions of British education. Harrow House has revived the Oldfeld ethos for our International High School programmes.

At Oldfeld International School we are dedicated to providing students, employees and partners with the highest standards of learning and personal development in a fun and culturally diverse environment. With constant improvement of our courses, facilities and services through innovation and creativity, we are committed to giving our students a superlative experience.

All this creates a unique concept that we call **'The Oldfeld School Experience'**.

Our International High School Programmes are aimed at students who wish to spend a taster, semester or year in the UK following a structured school syllabus before returning to their respective countries and continuing their studies, or continuing their studies in the UK.

Students will attend English language classes and follow a modular curriculum which includes a range from the following subjects;

British Culture, English Literature, Mathematics, General Science, History, Geography, Business and Information Communications Technology, French, German, Spanish and Sports, taught at GCSE level.

For students wishing to enrol on our GCSE programme, students must complete and pass the the on-line Oxford placement test and skype interview.

Cambridge exam dates are in June and December and GCSEs are taken in May and June.

We take care of everything, so you can focus on your experience

Oldfeld School is committed to and prides itself on the high level of welfare we offer, an area where our inspections demonstrate we exceed expectations and which has long been one of our core strengths. Our experienced staff oversee all the welfare needs of our students. All students have insurance cover included in their fees, have access to a registered, highly experienced on-site matron and to the local hospital, doctor's surgery, dentist and any other health and welfare facilities they may need during their stay in England.

Oldfeld School has teamed up with Endsleigh Insurance Services Limited, the UK's leading student insurance intermediary, to ensure overseas students have adequate insurance whilst studying in the UK. Students will be covered under the non opt-out Endsleigh Block Policy, which has been specifically designed for overseas students studying in the UK.

The international student policy covers: Emergency medical expenses, personal belongings, personal accident, legal expenses, personal liability and course fees. A summary of cover is provided for reference. Full details of the benefits and exclusions that apply to the policy are available on our website.

Accommodation options

Full-board College accommodation is included in the course cost.
Full-board Homestay accommodation is available at a supplement.
(See supplementary manual and fee-sheet for further detailed information)

Integration programme

In addition to mixing with other international students on their course, students will participate in our Integration Programme with English students of high school age. We will be working with our Local High School to provide a British Mentor for each of our Academic Semester students. They will experience each others' school days and will keep in contact socially throughout the semester as well as taking part in joint sports activities and celebrations. The local young people will help our international students settle into life in the UK and integrate into the community as well as practice their English in a natural way.

Examination preparation

Students attending these programmes will be prepared, with the support of our experienced teachers, to take the appropriate examinations for their level during the course of their semester. The course includes the cost of one Cambridge examination per semester. (See fee-sheet for examination fees)

Optional holiday breaks

Oldfield School can help organise additional holiday breaks at Christmas and Easter. Please contact our Admission Consultants for further details.

Accreditations

Harrow House is a Tier 4 Sponsor of the Points Based System (license number ATU625RNO). Harrow House is registered with the Department for Education (DfE), inspected by Ofsted, accredited by the British Council and is a member of English UK and RALSA. We also support the Government's Education UK initiative.

Our College also achieved the top ranking of "outstanding in all areas" in our Department for Education OFSTED inspection.
